NA

Syed Nauman Ali

WEB DEVELOPER · WHATSAPP CHATBOT BUILDER · n8n AUTOMATION SPECIALIST

Lahore, Pakistan
0naumanali98@gmail.com
WhatsApp · Portfolio · LinkedIn · Facebook

Web developer and automation builder based in Lahore. I create responsive business websites and online catalogues, WhatsApp chatbot solutions and n8n workflows, including an AI-powered Facebook auto-posting system that writes captions, creates images and publishes to a page every day. My earlier work in data entry, field sales and customer service gives me a practical view of what small businesses need online.
